**Audited Financial Statements  
For the Year Ended December 31, 2015**

(With summarized financial information  
for the year ended December 31, 2014)

*Russell Yamane & Associates CPAs, Inc.*

**REPORT OF INDEPENDENT ACCOUNTANTS**

To the Board of Directors  
Kauai Food Bank, Inc.  
Lihue, Kauai, Hawaii

***Report on Financial Statements***

We have audited the accompanying statements of the financial position of Kauai Food Bank, Inc. (a nonprofit organization) (d.b.a. Kauai Independent Food Bank - KIFB), which comprise the statement of financial position as of as of December 31, 2015, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements. The prior year summarized comparative information has been derived from the KIFB's 2014 financial statements and in its report dated March 23, 2015, which was audited by other public accountants, expressed an unmodified opinion on those financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair value presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of KIFB as of December 31, 2015, and the results of its activities and changes in net assets and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

**Notes to the Financial Statements**  
**For the year ended December 31, 2015**

(With summarized information for the year ended December 31, 2014)  
(See independent auditors' report)

**1. Nature Of Activities**

The Kauai Food Bank, Inc. (d.b.a. Kauai Independent Food Bank – KIFB) was incorporated under the laws of the State of Hawaii as a nonprofit corporation on December 16, 1994. KIFB's mission is to educate, provide nutritious food for the hungry and respond to emergencies.

**2. Summary Of Significant Accounting Policies**

***Basis of Accounting -***

The financial statements are prepared in accordance with generally accepted accounting principles in the United State of America. Contributions are recognized when received and expenses are recognized when incurred.

***Financial Statement Presentation Framework –***

KIFB prepares its financial statements in accordance with Financial Standards Board Accounting Standards Codification (ASC) 958-205 “*Presentation of Financial Statements*”.

Under this standard, the net assets, revenues, expenses, gains and losses are reported as follows:

**Unrestricted net assets** - Net assets that are not subject to donor-imposed stipulations.

**Temporarily restricted net assets** - Net assets subject to donor-imposed stipulations that may or will be met either by actions of KIFB and/or the passage of time.

**Permanently restricted net assets** - Net assets subject to donor-imposed stipulations that they be maintained permanently by KIFB.

Contributions are reported as increases in unrestricted net assets unless use of the related revenue is restricted by donor-imposed stipulations. Expenses are reported as decreases in unrestricted net assets. Expirations of temporary restrictions on net assets, such as fulfillment of donor-stipulated purpose and/or the stipulated time period has elapsed, are reported as reclassifications between the applicable classes of net assets. Gains or losses and earnings on investments are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

***Cash and Cash Equivalents***

KIFB considers all highly liquid short-term investments with maturities of three-months or less to be cash equivalents. The FDIC insures \$250,000 per deposit account. As of December 31, 2015, KIFB did not have any accounts in excess of insured limits.

**KAUAI FOOD BANK, INC.**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2015**

(With summarized information for the year ended December 31, 2014)  
(See independent auditors' report)

***Marketable Securities -***

Investments in marketable securities are stated at fair value based on a framework that provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of investments are as follows: **Level 1** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that KIFB has the ability to access; **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means; **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

***Inventory -***

The inventory cost is valued using first-in, first-out (FIFO) method. The purchased food is stated at cost and is valued at the USDA estimated cost-per-pound of \$1.59.

***Property and Equipment -***

Property and equipment is recorded at cost and depreciated over periods of 3-39 years using the straight-line method. Gains and losses from the retirement or replacement of property and equipment are included in the statement of activities.

***Contributions -***

Contributions are recorded when received and are considered to be available for unrestricted use unless specifically restricted by the donor. Contributions received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily or permanently restricted support which increase such net asset classes. When a donor time restriction expires or when contributions have been used for their designated purpose, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restriction.

**KAUAI FOOD BANK, INC.**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2015**

(With summarized information for the year ended December 31, 2014)  
(See independent auditors' report)

***Contributions In-Kind -***

Contributions in-kind are recognized in accordance with generally accepted accounting standards. Donated equipment and other donated goods are recorded at their estimated fair value as of the date of the donation. Contributed services which require a specialized skill and which KIFB would have paid for if not donated, are recorded at the estimated fair value at the time the services are rendered. KIFB also receives donated volunteer services that do not require specific expertise but which are nonetheless essential to KIFB operations. Contributions in-kind in 2015 and 2014 were \$9,520 and \$15,288, respectively.

***Donated Food -***

Food donations are recorded when received by KIFB. These items are capitalized as food inventory and recorded as unrestricted contributions. The donated food is valued at the USDA estimated cost-per-pound of \$1.59. Upon distribution, food inventory is reduced and an expense is charged to Donated Food.

***Shared Maintenance Cost (SMC) -***

SMC fees are charged to the agencies to which KIFB distributes food to assist with costs associated with receiving, storing, and distributing inventory. During the years ended December 31, 2015 and 2014, the maximum fees charged for SMC fees were \$.19 per pound.

***Compensated Absence -***

Employees at KIFB are entitled to paid vacation depending on the job classification, length of service and other factors. Accrued compensated absences represent KIFB's liability for the cost of unused vested employee vacation. At December 31, 2015 and 2014 accrued vacation balances were \$13,508 and \$14,170, respectively.

***Use of Estimates -***

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

***Risks and Uncertainties -***

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the fair value amounts reported on the financial statements.

**KAUAI FOOD BANK, INC.**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2015**

(With summarized information for the year ended December 31, 2014)

(See independent auditors' report)

**3. Marketable Securities**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Investments in mutual funds are managed by investment companies registered with the Securities and Exchange Commission. The value of each fund is determined at the close of each day based on fair value and are traded in active markets. Purchase and sale of units are performed at the end of the day once the value for that day has been set. Income, gains, or losses from the assets in each fund are credited to or charged against that fund without regard to other income, gains or losses of other funds. All mutual funds above are Level 1 investments.

Investments in exchange traded funds (ETF) are registered with the Securities and Exchange Commission and are similar to mutual funds. ETFs are valued throughout the trading day and can be purchased or sold at any time during this period similar to stocks. The value of each fund is determined based on the fair value at the close of the trading day. ETFs are traded in active markets. Income, gains, or losses from the assets in each fund are credited to or charged against that fund without regard to other income, gains or losses of other funds. All ETFs are Level 1 investments.

	<b>2015</b>	<b>2014</b>
	<u>Fair Value</u>	<u>Fair Value</u>
Money funds	\$ 17,815	15,094
Mutual funds	59,202	133,290
Equity securities	-	48,009
Exchange traded funds	<u>116,309</u>	<u>-</u>
	<u>\$ 193,326</u>	<u>\$ 196,393</u>

**4. Income Taxes**

KIFB is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and similar State provisions.

KIFB files its form 990 in the U.S. federal jurisdiction and the office of the state's attorney general for the State of Hawaii. KIFB is generally no longer subject to examination by the Internal Revenue Service for years before 2012.

**KAUAI FOOD BANK, INC.**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2015**

(With summarized information for the year ended December 31, 2014)  
(See independent auditors' report)

**5. Subsequent Events**

In preparing the financial statements management has evaluated the subsequent events and transactions for potential recognition or disclosure through March 31, 2016 the date the financial statements were available to be issued. There are no subsequent events that would have a material effect on the financial statements or that would require disclosure.
